Pacific Creosoting Plant (Wyckoff Facility), West Dock
5350 Creosote Place NE
Bainbridge Island
Kitsap County
Washington

John Stamets, Photographer

July 1996

<u>HAER NO.</u>	<u>DESCRIPTION</u>
WA-131-G-1	Full SW side of dock as viewed from shore at the Oil/Creosote Unloading Dock. This view formed a panorama with photo WA-131-H-5, which shows the Oil/Creosote Unloading Dock.
WA-131-G-2	Full NE side of oil dock, as viewed from boat.
WA-131-G-3	Top surface of dock including railroad tracks; looking NW from shore end. Paving block mill location is partially visible on right one-half of photo.
WA-131-G-4	Top surface of dock including NE edge and railroad tracks; looking SE from water end.
WA-131-G-5	Top surface of dock showing indented section (bay) on SW side; looking NW. Ferry in background is at Winslow ferry dock.
WA-131-G-6	Closer view of indented section shown in photo WA-131-G-5.
WA-131-G-7	Top surface of dock including railroad tracks, looking SW.
WA-131-G-8	Detail of connecting timber beams that form the ribband edge rail on NE side of dock near the water end.
WA-131-G-9	Detail of metal railroad car stops at north corner of dock.
WA-131-G-10	Detail showing piling on NE side, as viewed from tide flat at low tide.
WA-131-G-11	Underneath view of pilings and dock near midsection; looking SE at low tide.
WA-131-G-12	Underneath view of piling and chain supports on SW side near midsection; looking SE at low tide.
